

SOLWA INTRODUCES DRYWA AT THE SINGAPORE INTERNATIONAL WATER WEEK, DURING A BUSINESS MISSION CO-FUNDED BY EUROPEAN UNION.

Trissino (Vicenza, Italy), June 29th 2016 - SOLWA, a SANTEX RIMAR GROUP company, announces its participation at the prestigious event SIWW – Singapore International Water Week -, which is part of the strategic programme of the Singapore Government to grow water industry and develop water technologies.

SOLWA has the opportunity to take part at this event during the Environment & Water Technologies Business Mission, thanks to the [EU Gateway | Business Avenues](#) Programme, co-funded by the EUROPEAN UNION. The Business Mission takes place in Singapore & Vietnam on July 10th – 15th.

During the SIWW, SOLWA is showing its innovative dryer solution for sludge produced in the waste water treatment plants. The system is one of the latest technologies on the market of water treatment and waste management and it will be exhibited among stakeholders and industry players of the water sector.

The SIWW 2016, held on 10-14 July 2016 at the Sands Expo & Convention Centre, is the Global Platform to share and co-create Innovative Water Solutions. The event will be held in conjunction with the 5th World Cities Summit and the 3rd CleanEnviro Summit Singapore and the last edition saw more than 20.000 attendees from 133 regions and countries and over 800 participating companies.

Dr. Paolo Franceschetti, Managing Director of Solwa Srl says “Singapore and Vietnam are huge interesting markets for Solwa, considering that in the next future South East’s growth will increase between 5-6% and our innovative sludge dryer DryWa can solve their waste transport and storage problems”

The European Commission says “Solwa has demonstrated an innovative technology and strategy for the South East Asian market, and has been selected by the European Union among 60 candidates to join the first business mission to Singapore and Vietnam, under the framework of the new [EU Gateway | Business Avenues](#) Programme”.
